INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference	FOR FURTHER see Notification of Transmittal of International Search Report (Form PCT/ISA/220) as well as, where applicable, item 5 below.								
International application No.	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)							
PCT/US 03/39092	10/12/2003	13/12/2002							
Applicant									
SUN CHEMICAL CORPORATION									
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.									
This International Search Report consists of a total of 3 sheets. It is also accompanied by a copy of each prior art document cited in this report.									
1. Basis of the report									
 With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. 									
the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).									
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form.									
furnished subsequently to	furnished subsequently to this Authority in written form.								
1 🗀	this Authority in computer readble form.								
the statement that the sui international application a	osequently furnished written sequence listing d as filed has been furnished.	loes not go beyond the disclosure in the							
the statement that the infi furnished	the statement that the information recorded in computer readable form is identical to the written sequence listing has been								
2. Certain claims were fou	2. Certain claims were found unsearchable (See Box I).								
3. Unity of invention is lac	king (see Box II).								
4. With regard to the title ,									
X the text is approved as so	ubmitted by the applicant.								
the text has been establis	shed by this Authority to read as follows:								
5. With regard to the abstract,									
	ubmitted by the applicant.								
the text has been established within one month from the	shed, according to Rule 38.2(b), by this Authori e date of mailing of this international search re	ity as it appears in Box III. The applicant may, port, submit comments to this Authority.							
6. The figure of the drawings to be pub	lished with the abstract is Figure No.								
as suggested by the app		None of the figures.							
because the applicant failed to suggest a figure.									
because this figure better characterizes the invention.
